Dear Dr. Bahrami-Ahmadi:

On behalf of the Board of the American College of Epidemiology, it is my pleasure to appoint you as a member of the Education Committee of the ACE. According to ACE Bylaws, the chair of each Standing Committee can appoint Committee members as needed, in consultation with, and with the approval of, the President. Committee members may serve a maximum of two three- year terms. After serving the maximum allowable term, any Committee member may be reappointed to that Committee after a one-year hiatus.

Thank you for agreeing to serve. The Members of the Board of Directors understand that you are undertaking this work as a volunteer, and we appreciate the time and effort you will devote to it. A useful resource kit of materials, which can be easily found on College's website <http://acepidemiology.org> include the ACE Bylaws, Strategic Plan, College's Leadership contact list, and other helpful information.

Please do not hesitate to call upon me or other members of the Board or the Management Staff if you have questions or need support for the work you're doing for us and the College. ACE has an ambitious portfolio, and on its behalf let me express gratitude for your commitment in volunteering to assist in its work. We look forward to your active participation.

Sincerely,

Dear Amir Bahrami Ahmadi

Thank you very much for your application and we are delighted to make you an adviser for the studentBMJ. You will be joining to other 57 international students that we have also just appointed. The standard of applications was so high that it was impossible for us to refuse most applicants.

So welcome to a truly international studentBMJ. We now have 70 international advisers and every continent is represented. We are really excited about this and think that your contribution will help make the studentBMJ even more popular with medical students around the world.

Now to work – here is your first task- we are currently improving our international links so we would be most grateful if you can send any links appropriate for your country – (medical schools/medical colleges and medical associations and organizations etc) to our webmaster Sundeep Singh at ssingh@bmjgroup.com

Also we will email you in the next few weeks when we need you to comment and vote on these months submissions. We are working on your training pack just now and also plan to send you this in the next few weeks. This will be including what we are looking for in submissions to help guide you in your judging and reviewing. Remember that your other tasks include helping us with ideas for articles and suggesting authors etc.

So many congratulations again and we are really looking forward to working with you.

Best wishes

Rhona and Deb
